

To whom it may concern

We - SGS Société Générale de Surveillance SA - hereby confirm that the company:

Kolb Distribution Ltd.
Maienbrunnenstrasse 1
CH-8908 Hedingen

has established and applies a Management System in accordance with the requirements of the ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 standards.

The renewal audit of the multisite certification was performed from July 2nd to September 19th, 2024, before the certificate expiry date, according to the 2024 sampling below:

- Kolb Distribution Ltd.
- Dr. W. Kolb Nederland B.V. & Kolb Distribution B.V.
- KLK Kolb Specialties B.V.

To this day SGS did not finish all the renewal activities of ISO 9001 and ISO 14001 certifications at KLK Kolb Specialties B.V. in Delden, due to organizational issues from SGS side.

SGS auditors have reported to this day no evidence that would prevent Kolb companies within the current certification scope to have its management system renewed. No Major non-conformity was identified.

Once SGS recertification activities are completed within a maximum delay of 6 months after the expiry of the certification, according to ISO/IEC 17021-1 requirements, the certificates will be restored.

SGS Société Générale de Surveillance SA
